FISHING INFO

Lake **Urajärvi** is a unique destination for fishing enthusiasts, with its crystal-clear waters, diverse underwater landscape, and abundant fish population. The lake belongs to the watershed of the famous Kymijoki River and is **connected to two neighboring lakes** through passing channels, offering even more opportunities to catch a variety of fish.

The lake boasts three depressions, each with a depth of approximately 13 meters and a maximum depth of 16 meters. The **average depth of the lake is 4.4 meters**, making it an ideal destination for both novice and experienced anglers.

Our experienced fishing guide will take you to the best spots on the lake and will make you a **fishing route** for independent fishing, showing the features of fishing in this waters.

Our fishing tour package includes everything you need to have a successful and enjoyable trip: a fishing license, motorboat, equipment, comfortable accommodation, and delicious meals made with local ingredients.

Book your fishing tour package today and get ready to make unforgettable memories!

Spinning from a boat, trolling

The fishing area starts from the resort's pier. Opposite the resort there are good spots for catching perch and pike perch on dumps in depth. In the northern part of the lake there is a large area with reed beds where pike is caught. There are 13 islands on the lake. The length of the coastline is about 30 km.

Target fish: **pike, perch, zander.**
